To

C.S.Balasundram Iyer, Esq., B.A.,

Chief Secretary to the Government of

His Highness the Maharaja of Mysore.

Respected Sir,

We, the undersigned Law Graduates of the General and Revenue Secretariat, beg to submit the following representation in the hope that it will be viewed with sympathy.

2. We have looked forward with some confidence to an early propsect of being promoted to higher appointments in the Departments for which the special qualifications we possess are required But we have been disappointed in this expectation by the recent modification of the rules of recruitment to such appointments.

3. The reservation to the officials of the Revenue Department, of seven-eighths of the vacancies in the Amildari grade has appreciably reduced our chances of advancement in the executive line, on the one hand, and, on the other, our prospect of promotion to the Judicial Service is practically barred by the new rules according to which the cadre of Munsiffs is to be recruited either by a Competitive Examination open only to candidates under 35 years of age or by nomination on Special considerations.

4. The recruitment of the higher ministerial services under the Probationers' Scheme of January 1917, being governed by rules which do not recognize a Degree in Law as a qualification deserving of consideration, has added to our apprehensions of stagnation.

5. As things stand at present, the only openings left to us for promotion to higher appointments are the two posts reserved in the Secretariat itself in the new scheme of re-organization But these appointments again are likely to be made on considerations of seniority and most of us, in spite of service extending to 12 years and more, being in receipt of low salaries, the prospect of our benefiting by this concession is very remote.

6. We have thus nothing to hope for and our special acquirements have no chance of meeting with recognition or encouragement under the present conditions, in spite of the wide scope that exists for the employment in higher capacities of men with the qualifications we possess.

7. We respectfully beg that the circumstances represented above may kindly be taken into consideration and we pray that such proportion of the appointments of Special Magistrates as Government may consider reasonable be Vouchsafed to us in the scheme of separation of Judicial and Executive functions which, we understand, Government have now under contemplation. We are qualified, by training and aptitude, for this work and we beg to assure Government that we shall endeavour to the best of our ability to deserve their kindness if they are graciously pleased to grant our request.

...

In regard to the possible objection that the Law Graduates in service are not in touch with the knowledge and application of law, the following is respectfully submitted:-

1. The knowledge of general principles of law acquired by a study of two years and more in the college will not be lost to the graduates in spite of their being in clerical service. Work in the Judicial line for a few months will enable them to get experience in the application of law.
2. In the recruitment of Amildar Magistrates, men without previous magisterial experience are posted for the place.
3. In the scheme of Bench Magistracy, the magistrates are appointed Second Class Magistrates though most of them have no knowledge of law or previous experience of magisterial work.
4. The extract of the Proceedings of the Madras Legislative Council, appended, is also in support of our prayer.

Recruitment of Sub Magistrates.

The Hon'ble Mr. K. Rama Iyengar moved that the Government do take steps to recruit stationary Sub Magistrates directly from the Bar or from other specially qualified persons by a combined system of Comptetive Examination and nomination.

x x x

The Hon'ble Sir Alexander Cardew on behalf of the Government opposed the resolution and said that Sub Magistrates recruited directly from the Bar would not be so successful as the present ones who having risen from the position of a clerk or Revenue Inspector to that of a Sub Magistrate had not only a combined practical and theoretical knowledge of law but also of other subjects which enabled them to be efficient officers in the higher grades of the service. So far the present scheme has been working satisfactorily and he did not find any reason to accept the resolution and therefore opposed it.

Sir,

In connection with the new Scheme of appointing Special First class magistrates of the grade of Sub Judges for each District, I have the honor to request that my prayer for one of such appointments may be kindly brought to the kind notice of Government.

2. I was first appointed a III class magistrate so early as November 1891 ie more than 26 years ago and my powers were enhanced to the II class in January 1895. I was invested with the powers of a First class magistrate in November 1903.

3. I have besides gained experience in the Police department as a Superintendent in six Districts during a long period of 11 years. I have also conducted the prosecution of some cases in the Sessions Courts occasionally while I was in the Police Department. To the best of my belief, my magisterial or Police functions do not seem to have ever been adversely commented upon.

4. I am now in the Second class of Assistant Commissioners and I have fully qualified myself for a Senior Assistant Commissioner's place by passing the required Examinations.

5. For the above reasons I beg that my prayer for the post of a Special Magistrate of the Sub-Judge's rank in the Maidan Districts may be Kindly considered by Government.

SIR,

I am directed to forward for favour of disposal the enclosed application of Mr D.K. To

Through,

The Chief Court of Mysore.

Sir,

The Government having announced on the 22nd ultimo at the Representative Assembly their decision to appoint Special 1st Class Magistrates of the Grade of Sub-Judges, I beg respectfully to represent my claims for one of such appointments expected to be made shortly.

Among the Munsiffs I am the only one who has exercised 1st 1st class magisterial powers, besides being in charge of the Special Magistrate's Court at Kolar Gold Fields for a short period. I have put in a continuous service of 14 years in the Judicial Department and in next January, I hope to be entitled to promotion to the 1st class as a Munsiff. I have passed all the prescribed local tests.

As to my personal qualifications in justice to myself I have to state that I am one of the few probationers who were appointed in 1904 after passing the Mysore Civil Service Examination. I belong to Mysore. My University course was good; I was a Mysore Government scholar, having secured first class passes in Matriculation and B.A. Examinations, and in the B.A. pass list I stood 4th in the Presidency, so that my appointment was not due to any family considerations. Out of the probationers Mr.N. Viriyannaiya and myself were posted as Judicial probationers and my position, therefore, in the list of Munsiffs was next to that of Mr. Viriyannaiya who has been already appointed as a Sub-Judge. If I had been drafted to other departments I feel confident that my service would not have been inferior to that of the other probationers. I am the only one out of them who is still a Subordinate Judicial officer; since the new separation scheme of the Judicial administration, I may be justified in looking for some advancement in my own line.

Regarding my work till now, considering the very responsible

I beg to submit that judicial work is more in accord with my training and habit of thinking and that therefore I am desirous of getting into one of the appointments of Special Magistrates.

I request that my application may be favourably considered in filling up the appointments.

I have known Mr. G.Abdur Rahim, B.A.,LL.B., Advocate for a number of years-as a practitioner for the three years that I am here, and as a personal friend for some years before that. In several important cases which he conducted before me, he acquitted himself creditably and I found that he was much above the average in all that he handled. As I have known him intimately for some time past, I can with confidence vouch for his integrity, Character, intelligence and capacity. He is an Advocate of over six years standing and is well up in Law and Procedure. I am sure that, if he is given a chance, he will neither fall below the mark nor will he be behind many others that are already in the line either in Civil or Criminal work. He is one of the very few Law Graduates in the Backward Community and deserves a chance in the arrangements that are likely to be made in connection with the separation of the Executive and Judicial functions now under contemplation. I may add that he belongs to a very respectable family in these parts.

His conduct and behaviour as a student were very good; and, so far as I know, his character is excellent.

I think he can be recommended as a good candidate for a Government appointment.

I have much pleasure in bearing testimony to the fact that Abdur Rahim Ganjami a graduate of this College always conducted himself to the satisfaction of those over him here. He was a student of gentlemanly manners and appearance and will I feel sure do us credit wherever he goes. His knowledge of law I must leave others to speak to but I feel sure that he will do his best in any post he secures and I hope that he will find some opening at no distant date.

Mr. Abdul Rahim B. A. of Mysore was one of my pupils when I was Professor of Law at the M. A. O. College, Aligarh. During that period I had ample opportunities of forming an estimate of his work and general character. I found him very deligent and painstaking and he applied himself to his work with zeal and energy. I have no doubt that the industrious habits, of which he gave such signal proof here in his College career, will, if continued, insure for him success in most departments of life.

With a little practical experience of the working of the Courts, he will do splendidly as Judicial Officer. In character he is a thorough gentleman

He is a young man of some ability and of good manners.

I think he would make a good candidate for the Mysore State Service.

(Through the Revenue Commissioner in Mysore)

S i r ,

I entered the Revenue Commissioner's Office more than fourteen year's ago,and have now worked for nearly 4 years as Head Clerk. I have passed the First Examination in Law and the Revenue, Criminal and Account Tests, and I trust I have given satisfaction in the discharge of the duties assigned to me. Owing chiefly to certain religious and conscientious scruples, I have not been able to accept an Amildari very kindly offered to me more than once. In these circumstances officials of my temperament stand very few chances of securing promotion in this Department. I, therefore, beg to offer myself as a candidate for the post of a Stationary Magistrate under the proposed scheme for the separation of Judicial and Executive functions, or for the post of a Superintendent in the General and Revenue Secretariat, or for the post of an Assistant Registrar of Co-operative Societies ~~in the same Deputy Candidature~~, or ~~conferred~~ any other suitable higher appointment.

I beg to remain,

Sir,

31st May 1918.

Your most obedient servant,

M. Srinivasa Iyengar.

P 70

Yours with compliments.

From what I have seen of his work, I feel convinced that Mr. M. A. Venkatasubbiengar is a steady, efficient and experienced official who is deserving of advancement in the service. I think he ought to do very well in the posts for which he has now applied and I can confidently recommend his case as one of considerable economy of contideration.

Sir,

I learn that a number of judicial officers are about to be appointed in connection with the scheme for the separation of judicial and executive functions and I beg to be an applicant for one of the posts.

Passing my B.A. in the year 1915, I underwent a course of law in Bombay passing the first L.L.B. Examination in the 1st class in 1916 and the 2nd L.L.B. in 1917. I may here also mention that in the former Examination I got the highest number of marks in Criminal Law. I have been enrolled an an Advocate of the Honourable Chief Court in Mysore and have been practising the profession. My age is 23 years.

I have also to add that I am the son of Mr.N. Shama Rao, B.A., who was retired as the District Inspector of Education, Kolar, last year.

I beg to enclose herein a copy of the testimonial given to me by Mr.T.Denham, the late Principal of the Maharaja's College, Mysore, in which I studied.

I shall feel grateful to the Government of Mysore for considering my application favourably and conferring on me one of the posts.

I have the honour to be,

Sir,

Mr.N.S.Subba Rao,B.A.,now studying for the L.L.B. degree at Bombay,came under my notice when I was Principal of the Maharaja's College,Mysore. The impression left on me is most favourable. Mr.N.S.Subba Rao was a very satisfactory student,earnest and enthusiastic,useful and deligent. He was at the same time very keen on cricket- of which he was the College Captain for sometime. At no time did he ever cause the least anxiety to the College authorities or to those of the Hostel where I know his influence was for good.

I regard Mr.N.S.Subba Rao as a trust worthy,conscientious and capable young man.

Sir,

I have the honor to state that I hear that there is a vacancy of a Subordinate Judje's post at present and also that two posts of Special Magistrates of Subjudge's grade will be newly created under the Scheme of seperation of Judicial from Executive functions recently sanctioned by Government . I beg to offer myself as a candidate for any one of these - posts.

I have served as a Munsiff for about 10 years and was the Deputy Registrar, Chief Court, for another 10 years. I had to get a transfer from the Judicial to the Revenue --- Department simply because there was no chance of promotion as things stood then.

Besides I have exercised the powers of a 1st class - Magistrate for some years and also summary powers as Mysore City Magistrate.

In all those places I have, I submit, discharged my duties to the satisfaction of my superiors.

I have thus all the qualifications and experience --

Sir M. Visvesvaraya, M.I.C.E., K.C.I.E.,

Dewan of Mysore,

BANGALORE.

The humble memorial of N. Krishnamurthy Rao, B.A, LL.B., begs to place the following facts for your benign consideration:

1. That the memorialist is a native of the Malnad Sorab Taluk, in the Shimoga District. The education of the masses is very low there, partly due to want of communications, and partly due to the existence of only one High School at Shimoga, a distance of more than 60 miles. As a result of these disadvantages, the condition of the uneducated people is very unsatisfactory. In this respect there is no distinction there between Brahmins and non-brahmins.

2. The benevolent Government holds the improvement of the Malnad very dear to its heart and hence devotes a large amount every year, to improve the material wel-fare of the people.

3. In this connection the memorialist prays that the Government might encourage educated people by giving them suitable appointments and thus affording opportunities to rise in the Government service; further that the memorialist is the only double graduate in that far off Taluk of Sorab and he prays that his claims might be favourably viewed.

4. Now the Government has approved of the separation of the Judicial and the Revenue, and that they are going to appoint a number of Magistrates for the vacancies thus created,

the memorialist prays that a chance might be afforded to him therein.

5. Lastly the memorialist was a Teacher in the Vanivilas Institute, Bangalore and is compelled to - leave off service, for want of encouragement.

The humble memorialist
begs to remain,
Your most obedient servant,

"It is interesting to know that there was some form of census current in India over two thousand years ago. Megasthenes hints at this in the following extract he make from his account:-
'The third body of superintendents - consists of those who inquire when and how births and deaths occur, with the view not only of levying a tax but also in order that births and deaths among both high and low may not escape the cognizance of Government.' The testimony of Megasthenes is amply confirmed by the details of census and similar - operations preserved in the Arthasâstra. The necessity to Government of an intimate knowledge of the places and people under it goes without saying, and it is no wonder that in the effective administrative organization of Chandra Gupta there was found a place for census operations"----

This is to certify that S.Venkatapathaiya is well and most favourably known to me as a student in our B.A.Classes -- during the past three years.

He came here after passing the F.A.Examination from the Maharaja's College, Mysore, with a good recommendation from Mr. Weir and was awarded a Government Scholarship in consequence.

He took Physical Science as his optional branch and Sanskrit as his optional language.

He was exemplary in his behaviour, most regular in his class attendance and showed himself possessed of good -- abilities.

He passed the B.A.Examination in English and Sanskrit in December 1906 and disappointed me by failing in Physical Science; however, he attended during 1907 and has more than atoned for his first failure by taking a high place (Fourth in the Presidency) in the Second Class of the Physical -- Science Examination for December 1907.

His general intelligence is certainly above the aver--age, while hisfrank, straightforward and ~~and~~ respectful manners ought to be very much in his favour.

I have therefore much pleasure in recommending him for entertainment in a Government or other post for which his good character and education are qualifications.

The Agricultural Chemist has pointed out the necessity for requiring a guarantee as to the composition of these fertilizers as even without adulteration, fertilizers sold under the same commercial names exhibit the very widest differences in respect of composition, especially in the proportion of the nitrogen, potash or phosphoric acid, on which their fertilizing power depends. The detection of adulteration is also difficult. He took Physical Science as his optional branch and Sanskrit as his optional language.

He was exemplary in his behavious, most regular in his class attendance and showed himself possessed of good -- abilities.

He passed the B.A.Examination in English and Sanskrit in December 1906 and disappointed me by failing in Physical Science, however, he attended during 1907 and has more than atoned for his first failure by taking a high place (Fourth in the Presidency) in the Second Class of the Physical -- Science Examination for December 1907.

His general intelligence is certainly above the aver--age, while hisfrank, straightforward and ~~and~~ respectful manners ought to be very much in his favour.

I have therefore much pleasure in recommending him for entertainment in a Government or other post for which his good character and education are qualifications.

Sir,

As it appears from para 6 of Government Order No. J. 4550-4600-Cts. 312-12-1 dated 10th May 1918 that Government contemplate appointing Assistant Commissioners as 1st Class Special Magistrates, without prejudice to their prospects in the general line, I beg to offer myself as a candidate for one of the newly created posts or 1st class Magistrates.

2. I base my claims on the following grounds:-

(I) That all the qualified Assistant Commissioners, who have exercised Magisterial powers at any time above me are already or will be Senior Assistant Commissioners by the time the new Scheme comes into operation;

(II) That I am a law graduate;

(III) That amongst Assistant Commissioners of the A and B Schedules I am the 1st class Magistrate of the longest standing having been appointed as such as long ago as in 1908;

(IV) That I am one of the very few Assistant Commissioners upon whom the Government have conferred the powers of a Sub-Divisional Magistrate;

(V) That I am also one of the still fewer 1st class Magistrates who have been invested with appellate powers;

(VI) That in fact the Government have conferred

upon me all the powers (except power to require security for good behaviour in cases of, and try persons for, sedition) with which 1st class Magistrates can be invested.

(VII) That of the two Munsiffs in the 1st class, whose status may be considered to be equal to mine one is acting as a Sub-Judge And the other reached the 1st class long after I was promoted to the 2nd class of Assistant Commissioners.

(VIII) That I am already holding the appointment of City Magistrate of Bangalore which is to be included in the cadre of special Magistrates of the 1st class and it would be unfair to me to over-look this fact at this junction.

3. In these circumstances I would request you to submit my application to the Government through the Chief Court if you think that my claims deserve consideration at their hands.
